Dear Parents/Guardians,

Queen's college maintains its commitment to provide a high quality of education to our students. Over the years, the school has demonstrated this commitment by significantly improving its facilities, instructional programmes, and support services. However, the increased costs associated with our efforts have been very difficult to sustain given the current level of tuition and fees.

As in previous years, we encourage all parents to incorporate anticipated tuition and fee increases into their financial planning for the upcoming school year. In this regard, we wish to advise that facility fees for the 2017/2018 school year will increase as detailed below. The increase pertains to technology fees for all grades, lab fees, locker fees for grades 7-12, and mandatory parent workshops. Parents will be advised of the schedule for parent workshops at the beginning of the new school year.

Please also note that in addition to the facility fee increase, **student accident insurance (\$25 per student) will be charged for the first term only.**
